Keep up to date @Alneparkstud

Welcome

Welcome to Alne Park Stud, the home of Dink, the only breeding son of champion sire Poliglote and sire to the 2020 Desert Orchid Chase winner, Nube Negra.

“I have been impressed by Dink’s offspring, he produces good models who have excellent movement”

Richard Venn, Bloodstock Agent

“We have closely followed Dink and his progeny for the last three years and have been impressed by Nube Negra’s ability and looks for some time. I have previously purchased Dink’s progeny to come into training at my own yard because of their exemplary conformation and strength. We have a number of young horses by Dink on the farm and all possess great presence, with plenty of size and scope. When the opportunity to buy Dink arose, I jumped at the chance and I am delighted that he is now standing in the UK. He is now one of only four active sires standing in the UK to have produced a Grade 1 or 2 winner over jumps in the UK or Ireland this season. He only has a limited number of runners as he has not previously had the opportunity to cover many mares however, he has a high fertility rate. We fully intend to make use of him on our own mares and very much believe in his potential as a sire. I consider him to be a very exciting prospect for all breeders.”

DINK

A ten-time winner himself, Dink won the Spanish 2000 Guineas and placed third in the Spanish Derby. He raced until he was a seven-year-old before starting his breeding career in Spain with Luis Alvarez Cervera who comments:

“I was fortunate to buy Dink when the owner decided to retire him from the track. I always liked him as a racehorse; well balanced, strong with correct conformation. Dink won 10 of his 30 starts including the Spanish 2000 Gns. He was placed 10 times and finished third in the Spanish Derby. During his racing career he performed well in soft going. He possesses a natural will to jump that transmits to his progeny along with his lovely and easy temperament both to handle and when riding. He has shown himself to be very fertile.

As well as Nube Negra he has produced Leilani, who won 3 times as a 2 year old, he has also produced Newdi Bareliere one of the best 2 year old fillies that I have bred and who is on track for the Spanish Oaks. Dink’s ability, temperment, movement and balance transmits onto his offspring.

His Sire Poliglote needs no introduction. His Dam Napeta is by Woodman a great Dam Sire, who comes from the same female line as the great Miesque.”

NUBE NEGRA (2014)

“ It’s hard not to be impressed by the style and speed of Nube Negra’s jumping. ”

Harry Skelton on Nube Negra

Dink is the sire of Nube Negra, the only horse to beat the mighty Altior at two miles over obstacles. The only horse in training this season with a higher RPR than Nube Negra (RPR 170) to be sired by a British-based stallion is Presenting Percy (Sir Percy) (RPR 172).

“We became aware of Dink through Nube Negra, who has always possessed obvious talent and was a natural jumper from his arrival in the UK from Spain at three years old. From the first time we cantered Nube Negra after his arrival he was obviously incredibly talented. He is a big imposing horse like his sire with a great disposition and brilliant balance. Nube Negra has great pace and a wonderful temperament and showing plenty as a juvenile over hurdles has continued to improve with time and has progressed into a high-class performer over fence. His jumping over fences has been excellent and the talent he showed in his victory over Altior at Kempton was the realisation and promise that he had always shown us at home. Given his temperament and physical presence I think you will see him performing at this high level for many years to come.”
