Welcome

Welcome to Alne Park Stud. Set in the heart of the Warwickshire countryside, we are proud to stand Dink, the only breeding son of champion sire Poliglote. He has had a fantastic first season standing here in the UK. As well as our own band of broodmares, we are proud to offer excellent facilities for boarding mares, foaling, breaking and pretraining.

Stud Manager

Boarding

We are ready to take mares on a full or part time boarding basis. We offer a full breeding health package for mares of any age at any stage of the season. Having a healthy mare for the approaching covering season is vitally important especially if covering early. Our on site reproduction vet will ensure your mare is cared for as well as anywhere in the world. From December, early covering mares will be 'under lights' in any of the stables or barns available on site.

Foaling

Mares are placed in one of six cctv monitored foaling boxes on the approach to their big day. The cameras and stables are monitored 24hrs a day and your mare will have the best care and the foal the best start they can. Our specialist vet will be onsite to deal with any complications and will also be on hand for neo-natal checks, IGG tests, tetanus vaccinations and any other care your mare and foal may need.

Rearing

Foals are weighed weekly and are checked by the farrier and vet checked every 10 days to ensure there are no missed conformation issues. Our vet will also microchip and register your foal.

Rearing continues for some years after foaling and we can accommodate your youngster right through to breaking in.

Breaking

Giving your young horse the best start it can have is vital to its future. With a wealth of experience behind us and an enviable list of facilities, having your horse broken in at Alne Park gives it the best possible start to their career.

Facilities

Alne Park Stud

- On-site equine reproduction vet
- On-site lab for cultures, fecal egg counts etc
- On-site colostrum and plasma bank
- Bespoke veterinary stocks
- Spacious foaling boxes equipped with heat lamps and CCTV
- Turn out pens for managed exercise

- Owners hospitality facilities for walk in mares
- Built in foal feeding areas in turn out paddocks
- 6 horse covered horse Walker
- Lunge pen
- Gallops and indoor and outdoor schools
- Hot and cold water wash boxes

DINK

“After Nube Negra’s arrival at the yard we were on the lookout for more of Dink’s progeny as it was obvious Nube Negra had a lot of ability. What stood out with Nube was his temperament and balance, especially for a big three year old. After finding a few more by Dink it’s fairly obvious these are traits he passes on to all his stock. We always felt there was a gap in the market for a stallion like Dink. He is the only breeding son of the great champion Poliglote and is one of only four active UK sires to see progeny win at Grade one or two level in the 2020 - 2021 season. We used him on 12 of our own mares in 2021 and will continue to do so. We had a full brother to Nube Negra born at Alne Park in 2021 and he’s a belter! Plenty of size and bone with a good step so there’s lots to look forward to!”

Dan Skelton on Dink

DINK PEDIGREE

The only son of Poliglote to stand at stud.

Sire: **POLIGLOTE (GB)**
(Bay 1992)

DINK (FR)
(Bay 2004)

Dam: **NAPETA (IRE)**
(Bay 1998)

SADLER’S WELLS (USA) (Bay 1981)	NORTHERN DANCER
ALEXANDRIE (USA) (Bay/Brown 1980)	FAIRY BRIDGE (USA)
WOODMAN (USA) (Chestnut 1983)	VAL DE L’ORNE (FR)
BLUE BURGEE (USA) (Bay 1991)	APACHEE (FR)
	MY PROSPECTOR (USA)
	PLAYMATE (USA)
	LYPHARD’S WISH (FR)
	BRONISLAVA

DINK

DINK (2004 16.1hh)

Poliglote x Napeta

Poliglote, a champion sire on the flat and over jumps in France, has produced champions under both codes, Solemia (2012 Prix De L'Arc de Triomphe), Politologue (2020 Queen Mother Champion Chase). Dink now stands at Alne Park Stud and is one of only four active British-based stallions to have sired a Grade One or Two winner, OVER JUMPS in the UK and Ireland during the 2020-2021 season:

SEA THE MOON

NATHANIEL

PASSING GLANCE

DINK

NICK PEARCE

Dink is professional and very easy to work with. He has impeccable manners with a great temperament. The stock of Dink's that we currently have on the farm all have his correct conformation and movement as well as his good manners!

*“ One of only four stallions standing in the UK to sire grade 1 or 2 winners over jumps in UK or Ireland this season. * ”*

*Correct 26/02/21

DINK

A ten-time winner himself, Dink won the Spanish 2000 Guineas and placed third in the Spanish Derby. He raced until he was a seven-year-old before starting his breeding career in Spain with Luis Alvarez Cervera who comments:

“I was fortunate to buy Dink when the owner decided to retire him from the track. I always liked him as a racehorse; well balanced, strong with correct conformation. Dink won 10 of his 30 starts including the Spanish 2000 Gns. He was placed 10 times and finished third in the Spanish Derby. During his racing career he performed well in soft going. He possesses a natural will to jump that transmits to his progeny along with his lovely and easy temperament both to handle and when riding. He has shown himself to be very fertile.

As well as Nube Negra he has produced Leilani, who won 3 times as a 2 year old, he has also produced Newdi Bareliere one of the best 2 year old fillies that I have bred and who is on track for the Spanish Oaks. Dink’s ability, temperment, movement and balance transmits onto his offspring.

His Sire Poliglote needs no introduction. His Dam Napeta is by Woodman a great Dam Sire, who comes from the same female line as the great Miesque.”

PROGENY

URMAH

LEILANI

2019 DINK FILLY

2021 DINK COLT

“I have been impressed by Dink’s offspring, he produces good models who have excellent movement”

Richard Venn, Bloodstock Agent

NUBE NEGRA (2014)

“ It’s hard not to be impressed by the style and speed of Nube Negra’s jumping. ”

Harry Skelton on Nube Negra

Dink is the sire of Nube Negra, the winner of the 2020 Desert Orchid Chase beating Altior. In 2020 / 2021 only two horses in training had a higher RPR than Nube Negra (RPR 170) were sired by a British-based stallion. Presenting Percy (Sir Percy) (RPR 172) and Dasher Drasher (Passing Glance) (RPR 171).

"We became aware of Dink through Nube Negra, who has always possessed obvious talent and was a natural jumper on his arrival in the UK from Spain at three years old. From the first time we cantered Nube Negra after his arrival he was obviously incredibly talented. He is a big imposing horse like his sire with a great disposition and brilliant balance. Nube Negra has great pace and a wonderful temperament and after showing plenty as a juvenile over hurdles has continued to improve with time and has progressed into a high-class performer over fences. His jumping over fences has been excellent and the talent he showed in his victory over Altior at Kempton was the realisation of the promise that he had always shown us at home. A neck second in the Queen Mother Champion Chase confirmed all we knew. Given his temperament and physical presence I think you will see him performing at this high level for many years to come."

Dan Skelton on Nube Negra
